| Operating cycle  | 1,5 sec.                             |
| Attaching force  | 40000 N                              |
| Noise level      | < 80 dB(A) DIN 45635                 |

#### Technical Data

|                  |                      |
|------------------|----------------------|
| Insertion depth  | 120 mm               |
| Insertion height | 35 mm                |
| Dimensions       |                      |
| WxLxH            | 340x430x830 mm       |
| Weight           | 75 kg<br>(Jaw 15 kg) |

#### Range of application

- Suitable for all eyelets and washers from Prym Fashion (round and oval)

#### Advantages

- High operating safety due to two-handed operation
- Electronic overload protection
- Piercing and eyeleting in one operation
- Optimal attaching by special pressure control
- Simplified handling of product to machine by movable range and laser spot light
- Simple to handle on truck's side
- GS safety approval
